The announcement. To predict the point of view of our descendants about our time and about our acts – business uneasy. Reliability of predicted scientifically-educational result is realised by scientifically-educational intelligence of the predictor – width and depth of its scientifically-educational knowledge.

Today 8th March – the International women's day. Allow to congratulate all women on this holiday and to wish them health, well-being and successes in work. Historians of science and education will note the minimum intellectual contribution of women in global intellectual debilis our children – the future Fatherland. All kind. K.F M. 08.03.2016.
